Certain items and events are not covered by this contract. Please refer to the exclusions, restrictions, and limitations in boldfaced type in this document.

A. COVERAGE OVERVIEW

1. Coverage includes only the items stated as covered, excluding all others and is subject to the limitations, exclusions and provisions stated in this contract. For your specific coverage and selections see your Contract Agreement pages, which are incorporated into this contract by reference. Please read your contract carefully.

2. Coverage under this contract includes normal wear and tear malfunctions during the contract term (as defined in Section B). Coverage under this contract also includes malfunctions of covered items which occur during the contract term resulting from the following situations prior to and during the contract term:
   a. Insufficient maintenance, rust, corrosion, or sediment;
   b. Improper installations, repairs, or modifications;
   c. Mismatched systems where the indoor and outdoor units were not properly matched to each other in capacity or efficiency for proper operation; and
   d. Undetectable pre-existing conditions which are defects or mechanical failures that could not have been detected by a visual inspection and/or simple mechanical test. A visual inspection of the covered item verifies that it appears structurally intact and without damage or missing parts that would indicate inoperability. A simple mechanical test is defined as turning the item on and off to ensure that it is operational. While turned on, the item should operate without causing damage, irregular sounds, smoke, or other abnormal outcomes.

When completing an American Home Shield (AHS) approved repair or replacement, AHS will pay the cost to:
   a. Obtain permits up to $250 per occurrence;
   b. Correct code violations and/or upgrade to current code requirements up to $250 per occurrence;
   c. Dismantle and remove defective equipment; and
   d. Recapture, reclaim and dispose of refrigerant.

3. The covered items must be:
   a. Installed for diagnosis within the confines of the main foundation of the home or attached or detached garage with the exception of (if selected): air conditioning, heating, electrical panel, water heater, pressure regulator, water softener, exterior well pump, septic tank and related sewage ejector pump, or pool and/or spa equipment. These exceptions must be installed for diagnosis and must be manufactured for outside use or be located in a structure which fully protects items from the elements.
   b. Domestic grade or commercial grade items that are specified by the manufacturer for use in a residential application.

4. For covered malfunctions, unless otherwise specified in this contract, AHS will repair or replace the covered item. AHS has the sole right to determine, according to the terms of this contract, whether a covered item will be repaired or replaced. When making repairs, AHS reserves the right to rebuild existing parts or components and/or to install rebuilt parts or components. When making replacements, AHS is responsible for installing replacement equipment and parts of similar features, capacity, and efficiency, but not for matching dimensions, brand or color. AHS is not responsible for matching any feature of an existing item that does not contribute to the primary function of that item.

5. AHS’s cash payment policies and procedures:
   a. In instances where the combined cost of diagnosis and repair or replacement is estimated to exceed a stated contract dollar limit, AHS will not provide repair or replacement services but will instead pay an amount equal to the contract dollar limit minus the cost incurred to diagnose the malfunction.
   b. Instances beyond AHS’s control may prevent AHS from providing a repair or replacement of a covered item. In these instances, AHS will provide you cash in lieu of the repair or replacement services. The amount will be based on what a consumer without this contract would pay after negotiating the best price for such services in your area. These instances are when:
      (i) Following a response to a covered malfunction, an item would remain non-compliant with laws, regulations or code requirements;
      (ii) An item has a covered malfunction unrelated to a manufacturer’s recall on that item; or
      (iii) An item is not repairable and a replacement item is no longer available.
   c. In some instances, AHS may offer you the option of accepting cash in lieu of repair or replacement services. This offered amount is based on what AHS would expect to pay (which is substantially less than retail cost) for parts and labor for covered items less the incurred cost of the contractor’s diagnosis. AHS is not obliged to extend such an offer and you are under no obligation to accept such an offer. If you accept such an offer, you are required to repair the item or provide a new replacement and send the acceptable proof of your actual itemized costs to AHS before any reimbursement amount will be paid.

6. AHS will not repair or replace malfunctions covered by a manufacturer, distributor, builder, or an extended warranty.

7. This contract covers single family homes (including manufactured housing), new construction homes, and condominiums/townhomes/mobile homes under 5,000 square feet, unless an alternative dwelling type (i.e. 5,000 square feet up to 10,000 square feet, guest unit, or multiple units) is applied for, and the appropriate fee is paid. Coverage is for owned or rented residential property, not commercial property or premises converted into a business.

   d. AHS will accept your request to expedite scheduling of non-emergency service only when a Service Contractor is available. If the Service Contractor agrees to expedite scheduling of a non-emergency service request, you may be required to pay an additional fee.
   e. AHS reserves the right to obtain a second opinion at its expense. In the event that AHS informs you the malfunction is not covered under this contract, you have the right to request a second opinion of the cause of the malfunction. You must ask AHS for a second opinion from another Service Contractor within 7 days from AHS informing you the malfunction is not covered. In the event that the outcome of the second opinion is different than the first opinion, then AHS may, in its discretion, decide whether to accept coverage under this contract. If you request a second opinion, you will be responsible for the payment of an additional Trade Service Call Fee only if the outcome of the second opinion is the same as the initial opinion.

3. In the event AHS authorizes or requests you to contact an independent service contractor to perform a covered service, AHS will provide reimbursement for an authorized amount of the cost you incur for the repair or replacement services. Acceptable proof of the repair and your actual itemized costs must be provided to and approved by AHS before any reimbursement will be paid.

D. TRADE SERVICE CALL FEE

NOTE: The amount of your Trade Service Call Fee is listed on your Contract Agreement pages.

1. You are required to pay a Trade Service Call Fee for each trade service request you submit to AHS.
2. If a particular repair or replacement fails within 60 days, AHS will send a Service Contractor to repair the failure and you will not be charged an additional Trade Service Call Fee.

M. MISCELLANEOUS

Obligations of the provider under this service contract are backed by the full faith and credit of the provider.

MANDATORY ARBITRATION. Any claim, dispute or controversy, regarding any contract, tort, statute, or otherwise (“Claim”), arising out of or relating to this agreement or the relationships among the parties hereto shall be resolved by one arbitrator through binding arbitration administered by the American Arbitration Association (“AAA”), under the AAA Commercial or Consumer, as applicable, Rules in effect at the time the Claim is filed (“AAA Rules”). Copies of the AAA Rules and forms can be located at www.adr.org, or by calling 1-800-778-7879. The arbitrator’s decision shall be final, binding, and non-appealable. Judgment upon the award may be entered and enforced in any court having jurisdiction. This clause is made pursuant to a transaction involving interstate commerce and shall be governed by the Federal Arbitration Act. Neither party shall sue the other party other than as provided herein or for enforcement of this clause or of the arbitrator’s award; any such suit may be brought only in Federal District Court for the District or, if any such court lacks jurisdiction, in any state court that has jurisdiction. The arbitrator, and not any federal, state, or local court, shall have exclusive authority to resolve any dispute relating to the interpretation, applicability, unconscionability, arbitrability, enforceability or formation of this Agreement including any claim that all or any part of the Agreement is void or voidable. However, the preceding sentence shall not apply to the clause entitled “Class Action Waiver.”

Any Claim must be brought in the parties’ individual capacity, and not as a plaintiff or class member in any purported class, collective, representative, multiple plaintiff, or similar proceeding (“Class Action”). The parties expressly waive any ability to maintain any Class Action in any forum. The arbitrator shall not have authority to combine or aggregate similar claims or conduct any Class Action nor make an award to any person or entity not a party to the arbitration. Any claim that all or part of this Class Action Waiver is unenforceable, unconscionable, void, or voidable may be determined only by a court of competent jurisdiction and not by an arbitrator. THE PARTIES UNDERSTAND THAT THEY WOULD HAVE HAD A RIGHT TO LITIGATE THROUGH A COURT, TO HAVE A JUDGE OR JURY DECIDE THEIR CASE AND TO BE PARTY TO A CLASS OR REPRESENTATIVE ACTION, HOWEVER, THEY UNDERSTAND AND CHOOSE TO HAVE ANY CLAIMS DECIDED INDIVIDUALLY, THROUGH ARBITRATION.
